EXPERIENCE

Nuclei (CDNA Technologies Pvt Ltd), Bangalore - SDE - II

Oct 2025 - Present

- **Devised documentation and implementation strategy** for **openclaw** to utilize **Calude's** capabilities to update and implement features across frontend and backend of **11 microservices** reducing the **resource requirement by 30%**.
- **Architected and scaled the "Merchant Marketplace" SDK's flight booking module** using **Spring Boot and ElasticSearch**, integrating multi-vendor and direct airline APIs across **10+ countries** while **mentoring and supervising junior engineers** to deliver high-quality integrations, driving a **17% increase in platform revenue**.
- **Integrated and extended Strapi (Open-source CMS)** to enable real-time content updates, personalized story delivery for **100K+ DAUs**, and dynamic feature and nudge management for **5M+ active users** through a **Maker-Checker** approval workflow, reducing manual deployment effort by **80%** while ensuring controlled approvals and operational reliability.

Nuclei (CDNA Technologies Pvt Ltd), Bangalore - SDE - I

Jul 2022 - Sep 2025

- **Led the migration** of Fedmobile backend from **monolith to microservices**, and performed a **major backend upgrade** for **15 microservices** from **Java 11** to **Java 21** and **Spring Boot v2.0.5** to **v3.5.10**, enabling **independent scaling, faster deployments, better fault isolation** and **easier maintenance**.
- **Managed and optimized** service and pod performance on **OpenShift Cloud**, delivering **15+ stable releases annually**, and reducing **release cycle time by ~35%** through efficient resource planning and monitoring.
- **Delivered end-to-end features** across the full **SDLC**, from architecture and **CI/CD automation** to deployment, while proactively **diagnosing performance bottlenecks** across **14+ microservices** using **Graylog and OpenSearch**, resulting in high-throughput systems with **30% faster response times** and sustained stability.

Nuclei (CDNA Technologies Pvt Ltd), Bangalore - SDE INTERN

Jan 2022 - Jun 2022

- Developed an **Outside Login Scan and Pay** feature that **slashed API calls count by 50%** and slashed **transaction speed by 40%**, while maintaining full compliance with secure communication standards.
- **Embedded Delhivery APIs**, providing **real-time tracking** for all physical card shipments and slashing support inquiries by approximately **30%**, alongside a **QR-based activation** feature, reducing **activation time by 60%**.

Appointy IT Pvt Ltd, Bhopal(Remote) - SDE INTERN

May 2021 - Jul 2021

- **Integrated FreshSales calendar** into Appointy's web app, enabling **real-time 2-way sync** between **Google, Microsoft, and Appointy calendars**, improving scheduling accuracy and reducing manual coordination efforts for users by **~50%**.

SKILLS

Core Expertise : Data Structures and Algorithms, Java, API Design, RestFul Services, Object Oriented Programming.

Languages : Java 11+, Python, C, GoLang, JavaScript, SQL.

Technologies : Spring Boot, MySQL, PostgreSQL, REST API, JWT, Junit, Mockito, PMD, Sonarqube.

DevOps & Tools : CI/CD Pipeline, Docker, Podman, Git, GitHub Actions, nginx, haProxy, Jenkins, CMS, WinSCP.

Other Skills : Claude Code, OpenClaw, ICP, OCP, Cloud, Microservices, AI, Distributed Systems, Backend, OOP, System Design, Team Leadership (leading 2 teams), Agile/Scrum, Code Reviews, Mentoring, Unit Testing, Server Switching.

EDUCATION

Shri Govindram Seksaria Institute of Technology and Science

Indore, Madhya Pradesh, India

Bachelor of Technology(Information Technology) - CGPA : 8.51

Aug 2018 - May 2022

Award: Dr. K. K. Halder Gold Medal for Academic Excellence

CO-CURRICULAR & ACCOMPLISHMENTS

- **Project :** [Virtual walkathon](#) using: **Strava APIs, Google web script, Slack workflows**
- **Contest:** Google Hashcode 2021: Global Rank 527, AIR 84 - Feb 2021
- **Hackathons:** Rank 2 - HackIndore 2019, Runner up - Nuclei Hackathon 2025
- **Community:** #include, SGSITS (Technical Club, IT Dept.): Coordinator - Sep 2019 - May 2022
